Dear Music Lovers,

I handle the Music in the Park for Laingsburg Business and Community Association. This year we had a great band that I would highly recommend if you have an upcoming event that needs some awesome music!

I look for three things when booking a band. Good musicians, charisma (the “it” factor), and interaction with the crowd. The Oxymorons Band has ALL three, hands down. Another big plus was they were easy to communicate with from start to finish.

One thing you will notice - this band has great chemistry. This is something you hear and feel in their music.

If you have a music event that you are looking for a great band, make sure to check out the Oxymorons Band. You will not be disappointed!

Best wishes,

Gail Geasler
